

SGO

VIRTUAL
CONFERENCE

2023

¿What is SG Virtual?

SG Virtual 2023 is a free online conference for software professionals in Latin America.

It will consist of 3 track days:

- Testing & SQA (March 28, 2023)
 - Cybersecurity (March 29, 2023)
 - Accelerating SW development (March 30, 2023)
-

About SG Virtual

SG Virtual has been held for 17 editions (yes, we have doing online conferences for a long time now).

It is organized by Software Guru, the leading media for software professionals in Latin America. We have been organizing online global conferences, which has provided us with the learning and best practices on digital events production.

Countries with more participation:

70% Mexico, 9% Colombia, 5% US, 3% Peru, 2% Argentina, Chile, Guatemala, Ecuador, España and Panamá.

Structure & Content

Structure and Content

SG Virtual will be a serie of events each one focused in different topics .

- Testing & SQA
- Cybersecurity & DevSecOps
- Trends for accelerating software development (low code, AI-driven)

Each event includes: Talks (45 min each) and 2 workshops (90 min each).

The sessions and workshops can be held in English. The sessions will have live translation, for workshops we consider translation is not required.
